

Scope of Service for Construction Services at the Gladstone Hot Mix Asphalt (HMA) Testing Facility:

1. Can consultants use MDOT vehicles or are they expected to provide their own transportation to complete assignments made to them that will require travel?

The Superior Region will provide vehicles for assignments made that will require travel. Any persons working under this scope of service must hold and maintain a current drivers license valid in the state of Michigan.

2. Will MDOT require the consultant testers to have their own computer?

MDOT will provide computers to complete the work asked of the consultant testers.
